2-3 PAX

ACOUSTIC MODULAR POD

where silence meets productivity

Discover the Ecosil Acoustic Modular Pod – a stylish, eco-friendly soundproof pod designed for two to three people. Perfect for offices and coworking spaces, it offers a quiet, private area for discussions or collaboration. Crafted with premium acoustic materials and customizable fabric options, the Acoustic Modular Pod combines sustainability, comfort, and modern design for an ideal workspace solution.

WHERE SILENCE MEETS PRODUCTIVITY

FEATURES

COLOUR CUSTOMIZATION

Personalize your Ecosil Acoustic Modular Pod with a custom-coloured frame. Choose a colour that reflects your unique taste!

PRODUCT APPLICATION

The Ecosil Acoustic Modular Pod is a modern, high-performance soundproof booth designed to provide a quiet and private space for focused work, meetings, and conversations. Ideal for offices, coworking spaces, and creative environments, it creates an enclosed acoustic environment that reduces noise and enhances concentration, productivity, and comfort. Whether used for private calls, small discussions, or moments of individual focus, the Acoustic Modular Pod offers an efficient solution to the challenges of open and noisy workspaces.

Crafted from eco-friendly materials, each Acoustic Modular Pod reflects Ecosil's commitment to sustainability without compromising style or quality. It is constructed with premium acoustic panels, sound-absorbing fabrics, and high-quality insulation to ensure superior sound reduction and privacy. The sleek, minimalist design blends seamlessly into any modern interior, while the wide range of customizable fabric colors and finishes allows for complete personalization.

Equipped with integrated ventilation and lighting systems, the Acoustic Modular Pod ensures a comfortable and well-lit atmosphere throughout use. Designed for flexibility, it is available in different sizes and configurations to accommodate individual or group use. Combining acoustic performance, sustainability, and design versatility, the Ecosil Acoustic Modular Pod is the perfect addition to any space that values productivity, focus, and peace of mind.

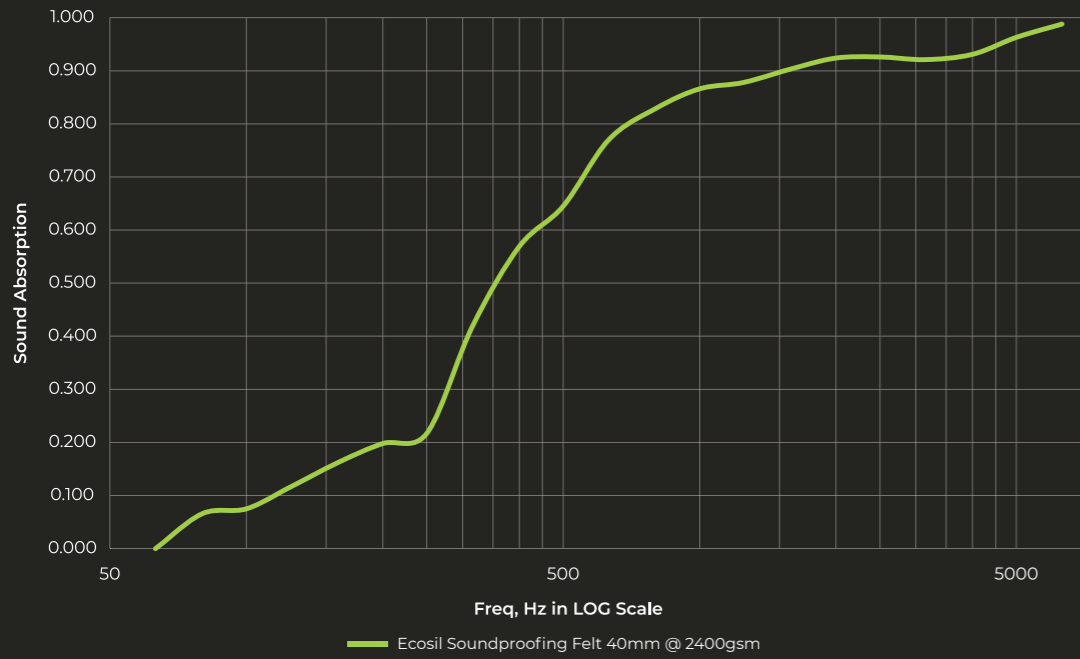

LIGHTING SYSTEM

Adjustable lighting that creates a calming atmosphere inside the Acoustic Modular Pod—perfect for focus, relaxation, or creativity.

About Soundproofing Felt

Ecosil's eco-friendly soundproofing felt is made from over 70% sustainable materials, including recycled textile waste and PET bottles. It is non-hazardous, RoHS and ESG compliant, and UL 94 V-0 rated for fire retardancy, ensuring both safety and sustainability.

The Acoustic Modular Pod's walls are lined with soundproofing felt and fabric chosen from Ecosil's catalogue of stylish, sound-absorbing materials. You don't have to sacrifice style for function—choose a fabric that looks great and sounds even better!
